Values

AusRAMD Engineering has established the following set of values as the framework upon which we will conduct our business. These values encompass:

1. **Safety**

We watch out for each other and practice injury-free habits

2. **Teamwork**

As a business, we work together for the common good; personal and all staff embrace professional development in a structured way.

3. **Performance Driven**

We are proactive with a can-do attitude. We contribute our best to the team and accept personal responsibility for our performance

4. **On Time Mentality**

We are on time and punctual in all our dealings, be it appointments, quoting, deliveries, etc. Communication is key, and we are proactive about informing all stakeholders up to date and informed

5. **Innovation**

We aim to be an innovative team relentlessly asking “why” and: what if”. We look to develop innovative approaches and practical solutions to our business

6. **Honesty and Integrity**

We are trustworthy in all our relationships and business dealings. Our actions match our words. We act in a professional manner at all times

In this manner, we will differentiate ourselves from our competitors and develop a long-term sustainable relationship with all our stakeholders based on a structured and well-developed company.

THE DIFFERENCE IS OUR PEOPLE DRIVE CULTURE
